# Nash Cup Update

**The 2025 tournament will be the 17th NASH Cup, and it just keeps getting bigger.** The event remains PSA World Tour Copper level, and the combined purse is now \$61,500 USD. 2024 featured 43 of 48 players ranked in the world's top 100 and we expect similar in 2025. Entries will close August 12th, and matches will be played at London Squash & Fitness from September 23rd-27th.

Canada's top squash players need the opportunity to face off against the world's best players and the NASH Cup aims to provide this. Each draw of 24 players includes two wildcard spaces. These are confirmed by the NASH Cup committee with input from Squash Canada.

We are excited to announce the 2024 Wild Card entries:

Men's draw:

**Liam Marrison**  
World Ranking 134

**Brett Schille**  
World Ranking 213

Women's draw:

**Alison Thomson**  
World Ranking 102

**Zeina Zein**  
World Ranking 133

Every year these wildcard selections get harder. All players listed have a close connection to London Squash and this region's strong squash community. All will benefit from the experience and ranking points provided by a World Tour draw.

They would be very keen to welcome Jesters to Detroit for the weekend.
